## VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications our practice was asked to re-examine the **SAVABEEL ex FRANKLY (NZ) Brown Yearling Filly**, brands WS nr sh., 107 over 6 off sh., to assess its continued suitability for public syndication. The purpose of the re-examination request was for the promoter to meet ongoing compliance with regulatory requirements and supply a current veterinary certificate for inclusion with their PDS to Racing NSW.

I had previously inspected this horse on behalf of Dynamic Syndications at the Inglis Premier Yearling Sales on the 4<sup>th</sup> March 2018 where a detailed inspection including a full set of x-rays were read and post sale endoscopic evaluation was performed and I advised our client the filly was in our opinion suitable for purchase.

### Clinical Examination:

The re-examination performed was a general health check which included temperature, pulse, respiration, thoracic auscultation as well as an ophthalmological examination for eye sight, mucous membrane, colour and musculature symmetry and basic conformation, where no abnormalities were found.

There was no lameness at the walk and trot in hand. No response to hoof testers was found. On palpation and manipulation of the distal limbs including major joints, no abnormalities were found. The filly had a quiet temperament

The filly remains a quality individual, athletic and free moving. She is well conformed and well balanced. The filly is still immature and will develop further. All clinical parameters were found to be within normal limits.

No radiographs, blood tests, drug sampling, ECG or upper respiratory endoscope were performed.

### Conclusion:

In our opinion on the **29<sup>th</sup> March 2018** at the time of this re-examination, the **SAVABEEL ex FRANKLY (NZ) Brown Yearling Filly** is in so far as can be determined from the examination conducted, presents in good health and has passed the clinical examination and therefore remains suitable for all risk mortality insurance cover and is suitable for racing and public syndication.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS  
29 March 2018

NB: This examination is valid for seven (7) days and is only for the use of the person requesting the examination. The issuer of this certificate has no financial interest in the above horse and no contract with any other third party. The issuer has a long standing relationship with Dynamic Syndications to provide a detailed veterinary assessment and specific advice on suitability of prospective yearling purchases at all yearling sales within Australasia.
