VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 133, WANDJINA ex SPOOKED (NZ), 2016 bay/brown yearling filly**, brands as described in the 2018 William Inglis Classic Yearling Sale Catalogue, was carried out at the Inglis Riverside Stables Sales Complex, Warwick Farm, NSW, on the 9th January 2018, prior to the commencement of the Inglis Classic sale.

Clinical Examination:

She was a well conformed, well grown, athletic individual, with good scope and constitution. She is a high-quality yearling standing over good ground. The filly is a 3yo sprinting type and should be given the time, as she will continue to develop significantly. All clinical parameters were found to be within normal limits. She was examined in hand, and was found to be free moving. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to her extremities.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Inglis Complex. Upon examination, there were no radiographic findings of any significance noted.

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 233, WANDJINA ex SPOOKED (NZ), 2016 bay/brown yearling filly**, is in so far as can be determined from the extensive examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
