VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

For disclosure, I had been engaged to supply a veterinary opinion on each Lot of the 22 x 2yo fillies being offered for sale under the draft of RA & JE Ferguson Partnership, Moss Vale, and my opinion to be declared and included as part of the pre-sale description for each of these Lots on the Magic Millions Sale website.

At the request of Dynamic Syndications, a fully detailed pre-sale veterinary examination was conducted on **Lot 5 HELLBENT x ANNA LIZZIE 2yo Bay Filly**, brands Fancy J nr shoulder, 119 over 0 off shoulder, as described in the 2022 Magic Millions Online September Sale Catalogue. This physical examination was carried out at the Magic Millions Sale Complex, Bundall, QLD, on Tuesday 6th September 2022, prior to the commencement of this section of the Magic Millions Online Sale.

Clinical Examination:

A well conformed, athletic, sprinters conformation, standing 15.2hh, presented in excellent condition for a filly that had been in a spelling paddock without a sales preparation. She has a deep girth and good length of rein. She has a slight toe out conformation. She stands over good ground. Observed but of no significance is a small exostosis on the medial aspect of the off fore pastern. All clinical parameters were found to be within normal limits. She was examined in hand and was found to be free moving. There was no clinical evidence of wear or injury to her extremities. Cardiac auscultation was within normal limits. Ophthalmic exam was within normal limits.

Radiographic Examination:

There was a full set of radiographs available for inspection in the repository at the Magic Millions Complex. Upon examination, they were considered **low risk** with no radiographic findings noted.

Endoscopic Examination:

Pre-Sale an endoscopic videoscope evaluation was conducted and lodged in the videoscope in the repository. There where no issues were noted. The upper respiratory tract was examined, and the larynx and pharynx were found to be **Grade 2**, (pass) being normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 5 HELLBENT x ANNA LIZZIE 2yo Bay Filly**, is in so far as can be determined from the examination conducted, suitable for racing and public syndication and is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
9 September 2022

NB: This examination is valid for seven (7) days and is only for the use of the person requesting the examination. The issuer of this certificate has no financial interest in the above horse and no contract with any other third party. The issuer has a long-standing relationship with Dynamic Syndications to provide a detailed veterinary assessment and specific advice on suitability of prospective yearling purchases at all yearling sales within Australasia.
