## VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination was conducted on **Lot 371, JUSTIFY (USA) ex PICKIN' TIME chestnut yearling filly**, brands **Capital C** nr shoulder, **72** over **0** off shoulder, as described in the 2022 Magic Millions Yearling Sales Catalogue. This was carried out at the Magic Millions Sale Complex, Bundall QLD, on the **10<sup>th</sup> January 2022**, prior to the commencement of the Magic Millions sale.

### Clinical Examination:

She is a strong, athletic individual, presented in excellent condition. A high quality, well conformed individual with good size and scope. She has a deep girth and good length of rein. She stands over good ground. The filly is still immature and will develop further. All clinical parameters were found to be within normal limits. There was no clinical evidence of wear or injury to extremities. This general health check included: temperature, pulse, respiration, thoracic auscultation, as well as an ophthalmological examination for eyesight, mucous membrane colour, musculature symmetry and basic conformation, where no abnormalities were found.

She was examined in hand and was found to be free moving. There was no lameness at the walk and trot. On palpation and manipulation of the distal limbs including major joints, no abnormalities were found. The filly has a quiet temperament.

### Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Magic Millions Complex. Upon examination, they were considered **low risk** and there were no radiographic findings of any significance noted.

### Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically, and the larynx and pharynx were found to be **Grade 1**, normal in appearance and function.

### Conclusion:

In my opinion, at the time of this examination, **Lot 371, JUSTIFY (USA) ex PICKIN' TIME chestnut yearling filly**, is in so far as can be determined from the examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

**Dr. T.M.B. Roberts BVSc. MRCVS**
