VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 172, CHOISIR ex CARLTON SHOW Bay Yearling Filly**, brands as described in the 2013 William Inglis Classic Yearling Sale Catalogue, was carried out at the Newmarket Sales Complex Randwick, NSW, on the 19th January 2013, prior to the commencement of the Inglis Classic Yearling Sale.

Clinical Examination:

This was a superior presented individual. She was very well conformed. She was athletic, well balanced with good length of rein and a good flowing action at the walk. She had an excellent length of stride stretching out over ground. The angulations to shoulder and pastern were correct. She has a strong hindquarter. She was a free moving individual who was presented in excellent condition for inspection. The filly is still immature and will develop further. When fully mature, she is expected to reach an above average height of approximately 16.0 hh. Stethoscope examination of heartbeat was normal. She was examined in hand, and was found to be free moving. There was no clinical evidence of wear or injury to its extremities. There was no response to flexion tests. All clinical parameters were found to be within normal limits.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Inglis Sales Complex. Upon examination, in my opinion there were no radiographic findings of any significance noted.

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 172, CHOISIR ex CARLTON SHOW Bay Yearling Filly** is in so far as can be determined from the extensive examination conducted; suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for their purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
