VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications I re-examined the **ENCOSTA DE LAGO ex PRETTY FLAMINGO brown yearling filly**, brands C nr sh. 9 over 1 off sh., to assess its continued suitability for public syndication. The purpose of the re-examination request was for the promoter to comply with regulatory requirements to supply a current veterinary certificate for inclusion with their PDS to Racing NSW.

I had previously inspected this horse on behalf of Dynamic Syndications at the Magic Millions January Yearling Sale on the 8th January 2013 where a detailed inspection including a full set of x-rays were read and post sale endoscope was performed and I advised the client the horse was in my opinion suitable for purchase.

Clinical Examination:

The re-examination performed was a general health check which included temperature, pulse, respiration, cardiac, thoracic auscultation as well as eyes for sight, mucous membrane, colour and musculature symmetry and basic conformation where no abnormalities were found.

There was no lameness at the walk and trot and no response to hoof testers was found. On palpation and manipulation of the legs and major joints no abnormalities were found.

No radiographs, blood tests, drug sampling, ECG or upper respiratory endoscope were performed.

In my opinion the filly remains a high quality individual, athletic, and free moving. She is well conformed and well balanced. For her foal date she is a well grown and strong. The filly is still immature and will develop further. All clinical parameters were found to be within normal limits.

Conclusion:

In my opinion, on the 17th July 2013 at the time of this re-examination, the **ENCOSTA DE LAGO ex PRETTY FLAMINGO brown yearling filly** is in so far as can be determined from the examination conducted, remains suitable for all risk mortality insurance cover, suitable for racing and public syndication.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
17 July 2013

NB: This examination is valid for seven (7) days and is only for the use of the person requesting the examination. The issuer of this certificate has no financial interest in the above horse and no contract with any other third party. The issuer has a long standing relationship with Dynamic Syndications to provide a detailed veterinary assessment and specific advice on suitability of prospective yearling purchases at all yearling sales within Australasia.

VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 147, ENCOSTA DE LAGO ex PRETTY FLAMINGO Brown Yearling Filly**, brands as described in the 2013 Magic Millions Yearling Sale Catalogue, was carried out at the Sales Complex Bundall, Qld, on the 8th January 2013, prior to the commencement of the Magic Millions Yearling Sale.

Clinical Examination:

This was a high quality individual. She was athletic with a good flowing action at the walk. She was well balanced with good length of rein. She was very well conformed. She had a good length of stride stretching out over ground. The angulations to shoulder and pastern were correct. She has a strong hindquarter. She was a free moving individual who was presented in excellent condition for inspection. The filly is still immature and will develop further. When fully mature, she is expected to reach an above average height of approximately 15.3 hh. Stethoscope examination of heartbeat was normal. She was examined in hand, and was found to be free moving. There was no clinical evidence of wear or injury to its extremities. There was no response to flexion tests. All clinical parameters were found to be within normal limits.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Magic Millions Sales Complex. Upon examination, there were no radiographic findings of any significance noted.

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 147, ENCOSTA DE LAGO ex PRETTY FLAMINGO Brown Yearling Filly** is in so far as can be determined from the extensive examination conducted; suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for their purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
