VETERINARY EXAMINATION FOR DYNAMIC SYNDICATIONS

At the request of Dynamic Syndications, a pre-sale veterinary examination of **Lot 585, TESTA ROSSA ex TIME FOR BED Bay or Brown yearling colt**, brands as described in the 2011 Magic Millions Yearling Sales Catalogue, was carried out at the Magic Millions Sale Complex, Bundall QLD, on the 11th January 2011, prior to the commencement of the Magic Millions sale.

Clinical Examination:

He was a quality yearling standing over good ground. He was very well conformed. He was a well balanced and good moving colt, well grown and an athletic individual. He has excellent rein and was presented in good condition. The colt is still immature and will develop further. Both testicles were presented. All clinical parameters were found to be within normal limits. He was examined in hand, and was found to be free moving. Stethoscope examination of heartbeat was normal. There was no clinical evidence of wear or injury to his extremities. There was no response to flexion tests.

Radiographic Examination:

Pre-sale there was a full set of radiographs available for inspection in the repository at the Magic Millions Complex. Upon examination, there were no radiographic findings of any significance noted.

Endoscopic Examination:

Post sale the upper respiratory tract was examined endoscopically and the larynx and pharynx were found to be normal in appearance and function.

Conclusion:

In my opinion, at the time of this examination, **Lot 585 TESTA ROSSA ex TIME FOR BED 2009 Bay or Brown yearling colt** is in so far as can be determined from the extensive examination conducted, suitable for racing and public syndication and as such, is therefore suitable for all risk mortality insurance cover. I confirm that I advised Dynamic Syndications that in my opinion this lot was suitable for purchase.

Yours faithfully,

Dr. T.M.B. Roberts BVSc. MRCVS
27 January 2011
